Bill Hogan Receives CLEAR Service Award

DENVER, CO, September 28, 2009 – AMP is honored to announce that William D. Hogan, AMP Senior Vice President of Marketing and Business Products, has recently been awarded the Council on Licensure, Enforcement and Regulation (CLEAR) Service Award. This award is established to recognize an individual who has made an outstanding contribution of service and commitment to CLEAR over a significant period of time. Rosemary McCool, CLEAR President, presented Mr. Hogan with the award on September 11, 2009, during a luncheon at CLEAR's annual conference in Denver, Colorado.

Attending and presenting at CLEAR events since its inception nearly 30 years ago, members of CLEAR will have difficulty recalling an annual conference or midyear meeting where Bill Hogan was not an active conference planner, participant, and presenter. "Bill has always been selfless in his time to further the cause of CLEAR, whether it is recruiting new members, creating educational materials, or reviewing a colleague's article," states President McCool. "Over the years, Bill has proven a great commitment to reaching the goals and objectives of CLEAR."

Mr. Hogan has served and contributed to virtually every committee throughout the years, often in a leadership role. He has served as Program Subcommittee Co-Chair on several occasions, and contributed to other committee projects and goals relating to Strategic Planning, Communication and Membership, Executive Leadership for Regulators, Publications, Exam Resources and Advisory, Education and Training, and Credentialing and Licensing issues. In addition to his ongoing support of CLEAR as an organization, Bill has assumed leadership roles in the development and delivery of several key CLEAR offerings, most notably Board Member Training and the Executive Leadership Program for Regulators. He has presented numerous leadership modules at these programs for the last several years.

AMP congratulates Bill for receiving this distinguished award and thanks CLEAR for recognizing his outstanding contribution of service and commitment to enhancing the professional regulation field.

About CLEAR

The Council on Licensure, Enforcement and Regulation (CLEAR) promotes regulatory excellence through conferences, educational programs, networking opportunities, publications, and research services for those involved with, or affected by, professional and occupational regulation. A neutral forum to encourage and provide for the sharing of best practices, CLEAR serves and supports the international regulatory community and its vital contribution to public protection. For more about CLEAR, visit www.clearhq.org.
